INDEX TO VOLUME XXXI

Index of Parapsychological Abstracts

Backster, C. Evidence of primary perception in living cells. P. 315.
Beloff, J. Can paranormal abilities be learned? P. 255.
———. Parapsychology as science. Pp. 255-56.
Boyle, D. G. Statistical inference and the paranormal. P. 170.
Breederveld, H. Psychokinetic experiments with a subject under the influence of a stimulating drug and a tranquilizer. P. 332.
Brier, B. PK on a bio-electric system. P. 335.
Burt, C. Evolution and parapsychology. P. 256.
Casler, L. Self-generated hypnotic suggestions and clairvoyance. P. 256.
Chari, C. T. K. On information-theoretic approaches to ESP. P. 257.
Chauvin, R., and Genthon, J. P. An investigation of the possibility of PK experiments with uranium and a Geiger counter. P. 168.
Clark, W. H. Parapsychology and academic class consciousness. Pp. 334-35.
Cox, W. E. Advanced chronometric experiments in PK placement. Pp. 311-12.
———. PK influence upon moving pools of mercury. P. 336.
Crumbaugh, J. C. A proposed new law of paranormal proof. P. 257.
Dean, E. D. Parapsychology and Dr. Einstein. Pp. 327-29.
———. Plethysmograph results over 3,000 miles. P. 322.
Dean, E. D., and Nash, C. B. Coincident plethysmograph results under controlled conditions. Pp. 257-58.
Eastman, Margaret. The relationship of ESP scores to knowledge of target location, and to birth order and family size. Pp. 168-69.
Eisenbud, J. Why psi? P. 258.
Esser, A. H., Etter, T. L., and Chamberlain, W. B. Preliminary report: physiological concomitants of "communication" between isolated subjects. P. 258.
Fahler, J., and Osis, K. Checking for awareness of hits in a precognition experiment with hypnotized subjects. P. 83.
Feather, Sara R. Influence of response preference on group precognition scores. P. 321.
Green, Celia E. Spontaneous "paranormal" experiences in relation to sex and academic background. P. 83.
Guarino, S. *I Sistemi Telepatici e La Televisione Umana.* (The telepathic systems and human television.) P. 259.
Hart, H. Scientific survival research. P. 259.
Heyman, S., and Schmeidler, Gertrude R. Attitudes toward time and the impatience effect. P. 316.
Honorton, C. The role of associative habits in ESP performance. Pp. 326-27.
Keil, H. H. J. Alternative hypotheses and ESP. P. 170.
Krippner, S. Experimental results in dreams and psi. Pp. 336-37.
LeShan, L. A "spontaneous" psychometry experiment with Mrs. Eileen Garrett. P. 259.
———. Some psychological hypotheses on the non-acceptance of parapsychology as a science. P. 169.
Levy, P. M. Statistical inference again. P. 171.
Mercer, Sallie. Instrumental conditioning in a GESP experiment. Pp. 83-84.
Mihalasky, J. Computer-scored audience experiments in precognition. P. 319.
Moore, E. G. "Survival: A Reconsideration." Pp. 169-70.
Morris, R. Some new techniques in animal psi research. Pp. 316-17.
Moss, Thelma. ESP effects with affective stimuli. P. 323.
Motoyama, H. Relationship between psychic ability and ESP, mental calculation, autonomic nervous functions and introversion-extraversion. Pp. 259-60.
Murphy, G. Direct contacts with past and future: Retrocognition and precognition. P. 260.
Mussig, G. F., and Dean, E. D. Mood as a factor in precognition. Pp. 319-20.
Nash, C. B. Comparison of ESP session score averages of subjects with opposed attitudes to psi. P. 84.
———. Dermal vision or ESP? P. 260.
———. Comparison of ESP run-score averages of groups liked and disliked by the experimenter. P. 331.

Nash, C. B., and Buzby, D. E. Extrasensory perception of identical and fraternal twins. Pp. 84-85.
Nash, C. B., and Nash, Catherine S. Relations between ESP scoring level and the personality traits of the Guilford-Zimmerman Temperament Survey. P. 261.
———. Effect of paranormally conditioned solution on yeast fermentation. P. 314.
Orme, J. E. A comment on statistical inference and the paranormal. P. 170.
———. Paranormal processes and the laws of chance. P. 170.
———. Paranormal processes, some concluding thoughts. P. 171.
Osis, K., and Turner, M. E. A transcontinental ESP experiment. Pp. 330-31.
Owen, A. R. G. Time and prediction. Pp. 171-72.
Pratt, J. G. Computer studies of the ESP process in card guessing: I. Displacement effects in Mrs. Gloria Stewart's records. P. 261.
———. Computer studies of the ESP process in card guessing: II. Did memory habits limit Mrs. Stewart's ESP success? Pp. 261-62.
———. Further significant ESP results from Pavel Stepanek and findings bearing upon the focusing effect. P. 262.
———. New ESP tests with Mrs. Gloria Stewart. P. 85.
———. Incidents occurring during investigation. P. 333.
Pratt, J. G., and Roll, W. G. Confirmation of the general focusing effect in the ESP performance of Pavel Stepanek. P. 312.
Price, A. D., and Schmeidler, Gertrude R. A preliminary study of cardiac changes during token-object sessions. Pp. 314-15.
Rao, K. R., Kanthamani, B. K., and Sailaja, P. Dissonance hypothesis and some incongruent ESP results. Pp. 262-63.
Rogers, D. P. Some explorations in affective arousal and ESP. Pp. 318-19.
———. Some studies in phenomenology and ESP. Pp. 317-18.
Roll, W. G. Token-object matching tests: a third series. P. 85.
———. Experiments with the medium Douglas Johnson. Pp. 332-33.
———. Physical and psychological studies. Pp. 333-34.
———. Unexplained physical disturbances in Miami. P. 333.
Roll, W. G., and Pratt, J. G. ESP tests with Stepanek, using aluminum targets. Pp. 312-13.
Ryzl, M. A method of training in ESP. P. 263.
Schmeidler, Gertrude R., and Johnson, M. Putting ESP to work as an ESP predictor. P. 320.
Schmeidler, Gertrude R., and Lewis, W. Feedback and success with triple-aspect targets. P. 324.
Schmeidler, Gertrude R., and Lindemann, C. ESP calls following an "ESP" test with sensory cues. Pp. 85-86.
Servadio, E. Ipnosi e parapsicologia. (Hypnosis and parapsychology.) P. 172.
——. Of what use parapsychology? P. 263.
Smith, B. M. Personality characteristics of parapsychologists. Pp. 315-16.
Stanford, R. G. Shifts in EEG alpha rhythm as related to calling patterns and ESP run-score variance. P. 313.
Stevenson, I. A new method for evaluating verbal material in mediumistic communication. Pp. 325-26.
Stump, J., and Honorton, C. Position effects in restricted calling tests. Pp. 329-30.
Tart, C. Research activities by members of the Parapsychological Association over the past decade. Pp. 321-22.
———. Token object studies with two California psychics. Pp. 323-24.
Thouless, R. H. The picture completion test for ESP. P. 264.
Ullman, M. Implications of the dream studies. Pp. 337-38.
Ullman, M., Krippner, S., and Feldstein, S. Experimentally-induced telepathic dreams: Two studies using EEG-REM monitoring techniques. P. 264.
Van de Castle, R., and Erwin, W. Subjective reactions of experimental subjects. P. 337.
Wilson, R. Deviations from randomness in ESP experiments. P. 172.
Zorab, G. Parapsychologie en Ethnologie. (Parapsychology and ethnology.) Pp. 172-73.

Index of Topics and Names

Affect, 13, 14, 47, 94, 318-19, 323, 324; *see also* Mood; Motivation
  associated with attitude toward ESP (Buzby), 43-50
  negative and positive, related to ESP run-score variance (Rogers), 290-96
ALLISON, MRS. LYDIA, 236
ANDERSON, MARGARET L., 158, 200, 201, 202
Animals, ESP in, 75, 256, 258, 300-302
  experimental work on, 316-17
Anxiety: *see under* Personality variables
Apparitions, 2, 259; *see also* Hallucinations
ARISTOTLE, 75
ASCH, S. E., 136
Astral projection, 83, 259
Attitude, 31, 32, 39, 136, 165, 167, 179-91, 244-45; *see also* Interest in ESP; Mood; Motivation; Sheep-Goat differences
  toward time, 316, 317
Automatic writing, 233-35

CONTENTS

NUMBER 1, MARCH, 1967

The Implications of Parapsychology for General Psychology.....*Cyril Burt* 1
An Experiment in Duplicate Calling with Stepanek
Milan Ryzl and Soji Otani 19
Creativity and Precognition Scoring Level.....*Charles Honorton* 29
Subject Attitude and Score Variance in ESP Tests.....*Dallas E. Busby* 43
Psychokinetic Placement: I. A Re-examination of the
Forwald-Durham Experiment.....*R. A. McConnell and Haakon Forwald* 51
Letters and Comments
Correspondence (*H. H. Price, Flora May Pierce*)..... 70

Book Reviews

Parapsychologie: Entwicklung, Ergebnisse, Probleme (Parapsychology: Its Development, Results, and Problems) by Hans Bender.....*G. Zorab* 75
ESP: A Scientific Evaluation by C. E. M. Hansel.....*Charles Honorton* 76
Parapsychological Abstracts..... 83
Announcements by the Parapsychological Association..... 87
Glossary 89

NUMBER 2, JUNE, 1967

A Quantitative Comparison of Memory and Psi.....*Sara R. Feather* 93
The Defense Mechanism Test as a Predictor of
ESP Scoring Direction.....*Martin Johnson and B. K. Kanthamani* 99
Hallucinatory Experiences and Psychosomatic Psi.....*Louisa E. Rhine* 111
Precognition and a Test of Sensory Perception.....*Dallas E. Busby* 135
A Correspondence ESP Experiment with High-I.Q. Subjects.....*Bob Brier* 143
Letters and Comments
Correspondence (*Ian Stevenson, Bob Brier*)..... 149

Book Reviews

"ESP Today." Special issue of *Corrective Psychiatry and Journal of Social Therapy*.....*James C. Crumbaugh* 156
"ESP Status in 1966." Special issue of *International Journal of Neuropsychiatry*.....*Frederick W. Knowles* 163
Parapsychological Abstracts..... 168
Announcements by the Parapsychological Association..... 174
Glossary 175

NUMBER 3, SEPTEMBER, 1967

Decline of Variability of ESP Scoring Across a Period
of Effort.....*James C. Carpenter and Josephine C. Carpenter* 179
An Analysis for Internal Cancellation Effects on Some Low-
Variance ESP Runs.....*David Price Rogers* 192
Psychokinetic Placement: II. A Factorial Study of Successful
and Unsuccessful Series.....*R. A. McConnell and Haakon Forwald* 198
Psi Dexterity in a Mixing Experiment.....*E. A. G. Knowles* 214
Parapsychology, Then and Now.....*Louisa E. Rhine* 231

Book Reviews

Winning at Casino Gaming by the Staff of Rouge et Noir.....*Bob Brier* 249
